

Signing into your account using the Authy mobile app

Once you have setup multi-factor authentication please follow the instructions to sign-in to your Single Sign-On (SSO) account using the Authy mobile app. This guide assumes that the default authentication method is set to Authenticator app. It's recommended you open the Authy mobile app before you login.

1. Select your account at the Single Sign-On (SSO) page

2. Enter your password and click **Sign in**
3. Select your account from the Authy app e.g. Nexus365. You may be prompted for a password to decrypt your account.
4. Type the six-digit passcode from the Authy app in the **Enter code** page and click **Verify**

5. You will now be logged into your account.
